INTERNATIONAL DIPLOMA

INTERNATIONAL ADVANCED DIPLOMA

WACP offers a combination of two qualifications in Accounts & Financial Management Career Related Study. These are International Diploma and International Advanced Diploma of 11 months each. Both courses together provide a broad overview of the Accounting & Financial Management industry and are designed to develop skills and knowledge sufficient to allow participants to play a significant role in conceptualising, planning and delivery of public, corporate and customised business plans. The courses provide an avenue for students to gain theoretical and practical skills needed to operate within the Accounting & Financial Management industry.

COURSE AIMS

The courses are suitable for IBCP students wanting to pursue their CRS course in Accounts & Financial Management. They aim to strengthen their understanding of the subject and achieve incremental knowledge and specialisation between the two qualifications. These courses provide theories, models and practical case studies in order to understand the complex nature of Accounts & Financial Management. The programme trains you on organising, planning and analysing business activities that are required to efficiently manage and run a business. It will help you gain in-depth knowledge and understanding of the core elements of accounting and financial industry- it's also a great introduction into the world of business if you have no prior experience. It provides industry insights, such as market trends and industry reports, which can prove to be invaluable and you will be encouraged to apply academic theory to real-life business situations that will help you kickstart your career.
