### Career-related Programme Curriculum Framework

*\*only schools authorized by the IB Organization can offer any of its four academic programmes: The Primary Years Programme (PYP), the Middle Years Programme (MYP), the Diploma Programme (DP), or the Career-related Programme (CP). Candidate status gives no guarantee that authorization will be granted. For further information about the IB and its programmes, visit [www.ibo.org](http://www.ibo.org).*

The IB Career-related Programme (CP) is specifically developed for students who want to engage in career-related learning while gaining transferable skills in applied knowledge, critical thinking, communication and cross-cultural engagement.

CP students undertake a minimum of two IB Diploma Programme (DP) Courses: core studies and a career-related study. Career-related study supports the programme's academic strength and provides practical, real-world approaches to learning. Core studies help students develop the knowledge, skills and attitudes required for lifelong learning.
